For all soil disturbing activities on one or more acres of land or properties that are part of a larger common plan, an approved storm water pollution prevention plan (SWPPP) must be provided and implemented by the owner. Please provide a copy of the SWPPP and the Arkansas Department of Environmental Quality (ADEQ) approval letter, if review is required by ADEQ. All perimeter controls and the construction entrance will be installed and verified by the city prior to granting the permit.

(Call the city 48 hours in advance to schedule inspection)

Applicant: I, the undersigned applicant, do hereby certify that I have read and examined this application and know the same to be true and correct; and that I have the authority to make this application. All provisions of the law and ordinances governing this type of work will be completed with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other federal, state or local law.
